1. INTRODUCTION

During my recent trip to India in early 2008, to learn KAS from Krushnaji in person, an interesting event took place, which had a lasting impact on me.

While he was teaching me KAS, Krushnaji received a phone call from a young couple who wanted to meet him for a consultation. Krushnaji does not generally entertain personal readings, except in very critical cases and this couple was facing a similar situation, so since he also knew their family, he agreed to see them.

The young couple arrived promptly and put forward the question. I was privileged to be present as Krushnaji invited me to sit in with him and use the KAS program (which can be downloaded from <http://krushna.sageasita.com>) while he solved their query.

1.1. The Question

The couple informed Krushnaji that their father was not well. He had gangrene in the one of the toes on his feet which was then operated on and amputated, however the gangrene had spread anyway. The father had responded well to Homeopathic medication and had undergone an unsuccessful surgery and they were at a crossroad as to which path to take, i.e. to go for another surgery or continue on with the homeopathic treatment.

1.2. The Reply

Krushnaji asked the couple to give him their father's birth chart and then asked me to cast the chart in our KAS program. After studying the chart, he also asked them to give him the charts for their mother, their son, who was the one who brought the chart, his wife i.e. the daughter in law and his other two sisters' charts.

After studying the chart from all angles, Krushnaji advised the couple that it was indeed a matter of worry against having more surgery and to continue with the treatment while serving their father with the fullest devotion and to receive his blessing.

1.3. Result

After the couple had left, I asked Krushnaji if he had had seen the possibility of death and he gravely shook his head and confirmed it. Then, he went on and solved all the charts with me telling me that in each and every chart of his family members, the focus was pointing in the same direction.

2. KAS FUNDAMENTALS

I am giving below some terminology that is used throughout the document:

Sanskrit Name	House Referred to as:	Lord referred to as:
Karak Sthan	House A	LoA
Phal Sthan	House B (6 th house from A)	LoB
Phalit Sthan	House C (10 th house from A)	LoC
Samrudhi Sthan	House D (3 rd house from A)	LoD
Samrudhi Sthan	House E (11 th house from A)	LoE

Throughout the document you might see references to House A, House B, House C, House D and House E and the Lords of these house will be referred to as LoA, LoB, LoC, LoD and LoE.

Whichever house is under focus for finding the timing event will be referenced as House B or alternatively the Phal Sthan. House A is also called the Karak Sthan and it is the 8th house from Phal Sthan or House B. House C is also called Phalit Sthan and it is 5th house from House B. House D and E are called Samrudhi sthan and they are the 10th house from House B, which is House D while House E is the 6th house from House B.

The lords of these houses are prefixed with “Lo” which means Lord of House. Therefore the Lord of House A is referred to as LoA and similarly for the lords of House B, C, D and E which are written as LoA, LoB, LoC, LoD and LoE.

These houses are nothing but upachaya sthan from Karak sthan, so House B is 6th from House A, House C is 10th from House A, House E is 11th house from House A and House D is 3rd house from House A.

The upachaya sthan are the houses of growth, heap and prosperity.

So for the purpose of this document, I shall clarify Houses A, B, C, D and E for finding the death from charts of family members.

Death From One's Own Chart – House B = 8th house

Husband's death from Wife's chart -

7th house is of Spouse, and 8th from 7th i.e .2nd House becomes House B

Father's death from Children's chart

9th house is that of father, so 8th from 9th house is 4th house so 4th house is House B

Father-in-laws death from Daughter-In-Laws Chart

7th house is spouse of daughter in law and 9th from there is her husbands father and 8th from there is the death, so 10th house is House B

From the points above, it's clearly visible that Venus has high power (19 pts) in the 8th house and low power (7 pts) in the 6th house. (see Fig.3). Venus is also the 1st house lord and is LoE so it's very eager to give the results of the 8th house, which is death. (see Fig.1)

Now, at the same time, the 6th house points are also low showing that recovery would not be quick.

The Mahadasha running was that of the Natural 3rd house lord or the 3rd house lord in the Kalapurusha chart, which is Mercury. (see Fig.2)

So death is possible in the MD of Mercury and the antra of Venus.

The native expired on 11th February in the late night or early hours of 12th February 2008.

As per the chart, Rahu is samdharmi to Venus. (see Fig.1)

From the points, we can see that the strongest power planet is Saturn for the 8th house. It has 28 points, while the next highest is Venus. (see Fig.3)

According to KAS rules, we accept 13 days toleration on either side of the event.

So when the sun transited the sign of Saturn and the Nakshatra of Rahu, it brought about prime conditions that resulted in his death. Saturn and Moon are strong to deliver death as well. (see Fig.4).

So, in keeping with 13 days tolerance on either side, the event matches.

On the day of death the points are generally in Rising order or more than 197. In this case, the points on the 10th February thru 15th February were in a rising trend. (see Fig.5).

4. CHART OF WIFE

When referring to the wife's chart to identify the death of her husband, then the 7th house is the house of the spouse and is 8 houses away from her 7th or the 2nd house which now becomes the focus house or House B. Therefore the LoD becomes the 11th house which is 10th from the 2nd. LoE becomes the 7th house which is 6th from 2nd house. The lords of these houses become eager to furnish the results of the 2nd house with the death of the spouse being one of them. The highest power planet or the LoD or LoE or their samdharmis, can furnish the event as far as the antardasha is concerned. (see Fig.6).

The Mahadasha running at the time of death was that of Mercury. Mercury, as you can see below, is samdharmi to Saturn by the virtue of being in the same navamsa with Saturn. The sign of Aquarius is the 9th house or 3rd from 7th house. (see Fig.8).

As per the basic laws of KAS, planets that aspect houses A, B or C, will *not* furnish the result and their Samdharmis' will step in instead. In this case, Saturn is placed in the 5th house of the chart and it is aspecting the 2nd house which is House B. So here, Mercury can step in for Saturn to furnish the result. Therefore there are indications for the death of her husband in the Mahadasha of Mercury.

Finding the Antardasha

The highest power planet that can be seen from the KAS power table is Jupiter with 29 points. (see Fig. 7). Jupiter is also LoE or 7th lord (6th from 2nd), so it's very eager to furnish the timing for the 2nd house, which in this case can be the death of her husband. Now, Jupiter is situated in the 2nd house, which is House B, so from House B, Jupiter will aspect House C. This would in general eliminate Jupiter from giving the result. However, in this case, Jupiter is LoE, so either it can give the result itself or its Samdharmi can. Ketu is samdharmi to Mercury and Rahu. Rahu is situated in the 7th house of the chart which is House E (Rahu is samdharmi to Jupiter who has the highest power).

As per the rules of KAS, Rahu and Ketu if they are situated in House D or E become very eager to furnish the result. So here Ketu becomes very eager to furnish the timing of this event. (see Fig.6).

To narrow the event even further, we use the Sun's transit. (see Fig.9). According to the laws of KAS, when the Sun transits the sign and the nakshatra of powerful signifiers (See Fig.10), it will furnish the event.

So on the date of his death, the Sun transited the sign of the 2nd most powerful planet, Saturn and the nakshatra of Mars, which is LoD, thereby furnishing the event.

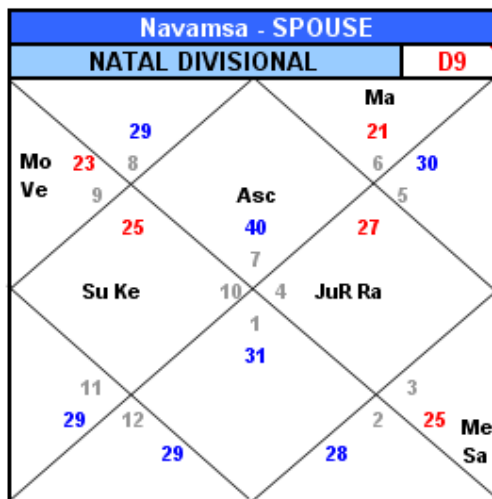

On the date of his death, using the help of daily points (see Fig.11), we could also see that there was a large spike in the points as well as an upward trend.

The Mahadasha running at the time of death was that of Mercury (see Fig.8). Mercury (see Fig.6) is samdharmi to Saturn by the virtue of being in the same navamsa with Saturn. The sign of Aquarius is the 9th house i.e 3rd from the 7th house.

As per the basic laws of KAS, planets that aspect Houses A, B or C, will *not* furnish the result, and their Samdharmi's will step in. In this case, Saturn is placed in the 5th house of the chart. It is aspecting the 2nd house which is House B. So here, Mercury can step in for Saturn to furnish the result. Therefore, there are indications for the death of her husband in the Mahadasha of Mercury.

Narrowing down the antardasha

The highest power planet that can be seen from the KAS Power Table is Jupiter with 29 points (see Fig.10). Jupiter is also LoE or the 7th lord (6th from 2nd), so it is very eager to furnish the timing for the 2nd house, which in this case can be the death of her husband. Now, Jupiter is situated in the 2nd house, which is House B, so from House B, Jupiter will aspect House C. This would in general eliminate Jupiter from giving the result. However in this case, Jupiter is LoE so either it can give the result or its Samdharmi can. Ketu is samdharmi to Mercury and Rahu. Rahu is situated in the 7th house of the chart which is House E (Rahu is samdharmi to Jupiter who has the highest power).

As per the rules of KAS, Rahu and Ketu if they are situated in House D or E become very eager to furnish the result. So here Ketu becomes very eager to furnish the timing of event.

Probable Date Finder (PDF)

Death occurred on 11th February 2008 and at that time, from the PDF table below (Fig 9), you can see that the Sun was transiting the sign of Saturn and Nakshatra of Mars. Mars is LoD and Saturn is the 2nd highest power planet for the 2nd house as can be referenced from the KAS Power Table with 27 points. (see Fig.10).

5. CHART OF SON

When referring to the Son's chart about the father's death then the 9th house represents his father so 8th from the 9th house means the 4th house becomes House B for death of the father as seen from his son's chart. So the highest power planet or LoD or LoE or SD to the powerful significators might furnish the event.

The dasha running for the Son was Ju/Ve. Jupiter is in the navamsa of the 11th lord so it is Samdharmi to the 11th lord. The 11th house is 3rd from the 9th house, so the MD of Jupiter can also bring death to the father. (see Fig.14).

His antardasha of Venus brought death to the father. Venus is the 2nd highest significators for the 4th house with 16 points and Venus is also natural samdharmi to Saturn who is LoE so Venus can cause death in his antra. When the native came with the chart of the father, his chart reflected this difficult time. (see Fig.13).

(Fig.15)

Sa and Ma	06-Feb	18-Feb
Sa and Ra	19-Feb	03-Mar

The Sun was transiting the sign of Saturn and thru the nakshatra of Mars and in keeping with a tolerance of 13 days on either side, the next sign and nakshatra that the Sun would transit would be in the Sign of Saturn, who is LoE and in Rahu's nakshatra, who is samdharmi to Mercury, who is the most powerful significators and LoD. So both LoD and LoE were going to act as triggers which caused a grave concern for the father.

The next step would be to study the daily points in the date range to see what would go on and how would the native feel. So given below are the daily points.

Daily Points for the Son

(Fig.15)

DAY	DATE	DAILY PTS.	PDF
Thursday	07-Feb-08	192	Sa - Ma
Friday	08-Feb-08	192	Sa - Ma
Saturday	09-Feb-08	192	Sa - Ma

Thursday	14-Feb-08	182	Sa - Ma
Friday	15-Feb-08	182	Sa - Ma
Saturday	16-Feb-08	190	Sa - Ma
Sunday	17-Feb-08	190	Sa - Ma
Monday	18-Feb-08	196	Sa - Ma
Tuesday	19-Feb-08	196	Sa - Ra

Studying the daily points (see Fig.15), you could see the stress the Son was going through. Then you can see a sudden rise of points on the 10th and 11th Feb with points dipping sharply on the 12th Feb.

When death occurs, the points can go into a rising trend as seen here in the case of the son. The following days after that show a decrease in points, reflecting his grief.

So from the Son's chart and based on the analysis above, the matter seemed quite serious for the father.

6. CHART OF DAUGHTER-IN-LAW

The daughter in law was also accompanied by her husband and she also gave her chart to be studied.

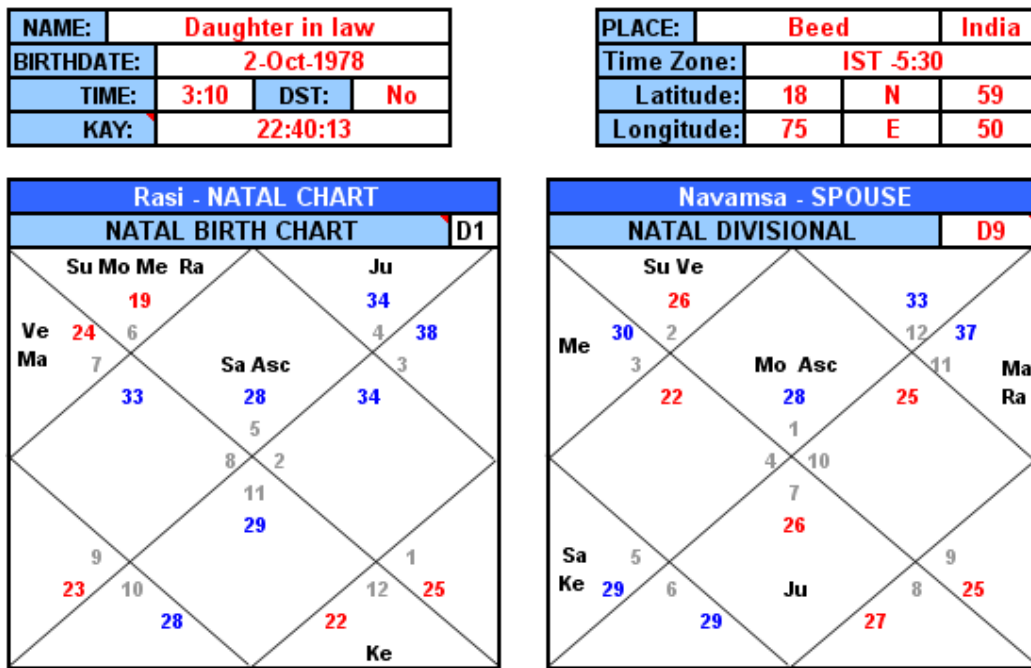

Now the 7th house is the house of her spouse and the 9th from that is the father of her spouse so it would be her 3rd house.

So the 8th house from her 3rd house would be the 10th house and that would indicate the death of her father in law. We can also say that the 10th house would become House B for studying the death of her father in law.

Below is my analysis:

The antardasha that the daughter in law was running was that of Venus and it's clear that Venus has the highest power in the 10th house and is LoE. So the antra is showing danger to life of her father in law. (see Fig.17 and 18).

Probable Date Finder (PDF) for Daughter-in-law

The PDF that was running (keeping 13 days range in mind), was that of Sa and Ma both of which are powerful with Sa gaining the 2nd highest points after Venus and Mars has 13 points and so does Mercury to who Ra is sandharmi to.(see Fig.18).

So overall, the PDF is also showing or activating 10th house of the daughter in law.

7. CHART OF ELDEST DAUGHTER

In the study of her elder daughter, the 9th house is that of her father and 8th from that is the 4th house which would become House B and would indicate the death of her father.

The eldest daughter was running the period of Sa/Sa. Saturn itself is the weakest planet for the 4th house. However, Saturn is Natural Samdharmi to Venus. In her chart, Venus has the highest power and its' antra is further away. So Saturn can step in for Venus here.

The Mahadasha running is that of Saturn. The 3rd house from the 9th house is Leo. Saturn is in the navamsa of Leo, so therefore becomes samdharmi to the Sun. Saturn can then step in for the Sun.

In the PDF again (see Fig.24), Saturn is coming along with Mars who has 12 points and Rahu is SD to Saturn again. So here again if Saturn is stepping in for Venus, it might cause the potential to trigger the 4th house. It is also to be noted that Mars is transiting over her 9th house where there is 0 points (see Fig.26).

The younger daughter is running the dasha of Saturn/Moon. Moon has the highest power for the 4th house with 16 points. So its clearly showing that 4th house will trigger in this antra.

The MD is that of Saturn and Saturn is Samdharmi to the 11th lord who is 3rd from 9th house. Saturn is in navamsa of Jupiter so again here Saturn can step in for Jupiter. (see Fig, 28).

Sa and Ma	06-Feb	18-Feb

The transit of the Sun was in the sign and nakshatra of Saturn and the Moon and both have 2nd and highest power in the 4th house. (see Fig, 28). So keeping 13 days on either side, it might trigger the 4th house and that might mean death of the father in the MD of Saturn and the antra of the Moon. (see Fig. 28 and 29).

Daily Points of Youngest Daughter

In the study of the daily points it is again showing a rising trend with points going into the Green with a sharp increase on the 11th to the 12th. So the overall trend of points is again rising.

9. SUMMARY

From the study of all the preceding charts of wife, son, daughters and daughter in law, we can see a rising trend in the daily points and in that of the daughter in law who is not even a direct blood relative. The points took a sharp fall on the 11th and 12th of Feb. In all the cases, the antardasha was showing some danger to the father or the father in law.

According to KAS, we say that the good events happen in the highest power planet or LoD or LoE (i.e. 10th or 6th from the house under focus) or their samdharmi's. Death too happens in the highest power planet thereby making it a most auspicious event.

The native expired in the wee hours of 11th night or 12th morning on February 2008

May his soul rest in peace.

10. CONCLUSION

Death is the ultimate truth and by far the most complicated event. Death as seen above occurs in planet that has very high power or the highest power, which as per the definition of Good and Bad as per KAS, means that Death is the most auspicious event, because as per KAS, all the good and happy events occur in the highest power planet.

However, when we loose a near and dear one, and when we add the human emotions to the equation, at that point, death can be perceived to be the worst event as I do not think anyone likes to loose their loved ones.

To get a deeper understanding of this phenomenon one must read the Gita, or the Bible, or Quaran or Guru Granth Saheb or any of the holy books to get deeper insight into the spirituality and to understand Death.

However as a cautionary note, before pronouncing death, it MUST be verified from the chart of the family members and as undertake in this article.

Another point that also must be kept in mind is the advances in modern medicine. With such great advances and research that is taking place in this century, the chances to save a persons life has increased tremendously. Problems that would have surely cause death some centuries ago are very easily treated today and life can be saved. Such improvements will continue to take place making it more possible to save lives if proper care is taken and acted on immediately.
